Buyout possible

Europa could turn focus to Diamondhead

BY ED LEPOMA

A possible buyout of Europa Cruises Corp. will enable management to focus its full attention to building a multi-million dollar casino resort south of Diamondhead.

That was the word coming this week from Deborah Vitale, Europa's president and chairman of the board.

The Echo telephoned Vitale at her Alexandria, Virginia of-

fice this week and confirmed that Europa had been given \$300,000 in up-front money when it entered into an exclusive negotiating agreement last week with International Hospitality Inc.

The Canadian Company has exclusive rights within the next 30 days to decide whether it wants to operate and manage Europa gambling boats, which sail out of three ports in Florida.

The optional payment is refundable in cash or stock, at the company's option in 60 days, in the event no agreement is reached.

Asked what a sale would do for Europa, Vitale said, "It would immediately turn an unprofitable company into a profitable one overnight."

She explained that if a final agreement is reached, the Canadian company would be re-

sponsible for all costs and expenses involved in operating the vessels in three ports, including lease-related payments, mortgage-related expenses, marine repair, maintenance and expenses and payroll-related expenses.

In return for the right to operate and manage Europa's fleet, International Hospitality, Inc. would pay Europa a minimum of \$280,000 per month.

Vitale said, "The annual fixed revenue is more than enough to cover any corporate Mississippi company management expenses."

She added, "It would allow management to relieve itself of the time-consuming day-to-day operations of the company, and allow us to focus on Mississippi."

County races drawing crowds

BY ED LEPOMA

The field is crowding up for the August 3 primary with 27 candidates already qualifying with the Hancock County Circuit Clerk's office.

Last week, Tax Collector/Assessor Eddie Murtagh announced he would not seek re-election, and two Democrats have now filed for the position. They are Jimmie Ladner Jr. and Caroline Maurigi Adam, both of Bay St. Louis.

Incumbent Sheriff Ronnie Peterson has not announced whether he will seek re-election, but he already has drawn four Democratic challengers. The latest to qualify are Democrats Steve Garber of Cuevastown Road in Hancock County and George C. DeJarnette, also of rural Hancock County. Already qualified are Burt Johnson of Lakeshore and Don Watson of Bay St. Louis.

District 5 Supervisor Philip

Moran has drawn a fourth opponent. He is Republican Peter Berens of Bay St. Louis. Also qualified to run against Moran, a Democrat who is seeking a second term, are Republicans Rick Fair of Kiln and David Depreo of Diamondhead and Democrat A.J. Cuevas of Kiln.

So far, none of the other four supervisors have drawn opposition.

Incumbent Superintendent of Education, Terrell Randolph of Diamondhead, a Republican, has qualified for re-election, and so far has no opponents.

Incumbent Coroner Norma Stiglet, a Democrat, has also qualified for re-election, and James L. "Jim" Odom of Waveland, another Democrat, has qualified to challenge her.

In the Constable's race, Democratic incumbent Gary L. Bennett of Pearlinton will

merly held by Ronnie Shows. Ezell Lee, finished second with 15,976 votes and Ken Combs was third with 15,359 votes.

Chamber launches campaign against litter

In conjunction with state and national efforts to keep communities across America litter-free, the Hancock County Chamber of Commerce has launched a countywide campaign against littering.

The Hancock Chamber Beautification Committee has initiated a number of projects to coincide with its ongoing efforts against litter. The campaign goal is to "Keep Hancock County Beautiful" with its "Littering is UnLawful" Campaign.

The chamber has initiated an effort to raise the fine on litter violations, is distributing thousands of car litter bags with the help of local business sponsors,

and will erect roadway signs to remind drivers that littering is unlawful and issue phone numbers to report littering.

With these three elements the Chamber Beautification Committee hopes to help keep litter off roadways and make folks aware of the adverse effects litter has on the entire community.

"Litter hurts everyone, our business owners in particular," said Chamber Beautification Chairman Ellis C. Cuevas.

"Folks shopping, visiting or looking for a place to live in our community certainly won't choose a place that is covered with litter."

Fishermen grateful to rescue team

BY ED LEPOMA

Francis "Joe" Pavolini of Bay St. Louis sat in a chair at the Echo last week and breathed a long sigh of relief. He was lucky to be alive and thankful to the team that rescued his fishing party in the Mississippi Sound.

It was a little more than 24 hours since Pavolini set off from Bayou Caddy with his father, 63-year-old Larry Pavolini, and deckhand Melissa Creppel, 30, also of Bay St. Louis.

The 30-foot fiberglass oyster boat, "The Little Girl," clipped through the cold waters as

usual, but a fire broke out about 8 a.m. last Wednesday when the party was about two miles offshore of Waveland.

Pavolini, 37, said a hose sprang a leak, causing a fire aboard when its contents spilled onto a hot manifold.

"We put it out once, and were headed back to shore when the fire sprang up again," said Pavolini.

"This time, the front of the cabin filled up with smoke, and we couldn't get to the radio to call

trash, including cigarettes or cigarette butts, on our highways, right-of-ways or private property can be fined up to \$1,000, but no less than \$100. The bill also requires proper signage and receptacles to coincide with the law change.

The car litter bag is an ongoing effort to keep trash off our roadways and highways. A number of businesses and organizations sponsored the first printing of the bag.

Chamber members who sponsored the litter bag are Coast Electric Power Assn., Hancock County Port and Harbor, Latter & Blum Inc. Realtors, Coast Youth Ballet

Academy, Performance Oil Change and Tune Up, ERA Bayshore Realty, Coldwell Banker/Coast Delta Realty, City of Bay St. Louis, City of Waveland, Union Planters Bank, Cellular South, Casino Magic, The Sea Coast Echo, Hancock Bank and Alcan Cable.

Once these litter bags are distributed, the Chamber will print another set of bags, with a new list of sponsors. To be a sponsor on the bag, call the Chamber office at 467-9048.

The Chamber Beautification Committee will also erect road-

Woman sentenced in hit-and-run

More than three years after a fatal accident, a Lakeshore woman has been sentenced in the hit-and-run death of a Waveland girl.

Last Friday before Circuit Judge Jerry O. Terry in Hancock County, Carol J. Kientz, 36, pleaded guilty to a felony DUI charge in the Nov. 22, 1995, death of Erica Lee Thomas. Thomas was walking along Herlihy Street with six relatives and friends about 5 p.m. Nov. 22, 1995 when she was struck by a white Mazda.

More than two hours later,

the Hancock County Sheriff's Office received a medical emergency call to a Lakeshore home and found a white Mazda in the driveway. Inside, they found Kientz.

Kientz was taken by ambulance to Memorial Hospital and arrested shortly after she was released.

In the document that Kientz signed as part of her plea bargain, the Lakeshore woman admitted she had drunk about two beers before driving down Her-

School board takes action on student absentee appeals

BY B. R. HAWKINS

Hancock County School Board members met from nearly dawn to dusk Monday to hear appeals from high school students who had excessive absences during the first semester of school.

School policy allows students four unexcused absences semester classes and two for nine-week or quarter classes said Eddie Danzey, assistant superintendent of education. A student with excessive absences is not allowed credit for the class in which the absences occurred. To receive credit, the student must take the class over.

The board heard the first of 128 student appeals beginning at 8:30 a.m., and the last shortly before 10 p.m.

"The majority of students were able to present to the board documentation that absences were excusable and were granted credit in their classes," Danzey said. There are 1,605 students enrolled in grades seven through 12 subject to the

policy.

The board denied appeals to 20 students and asked nine additional students to furnish more information before determining the validity of their excuses.

In other matters, the board accepted the resignation of Pamela Perry, a certified character education teacher, at the high school and approved the hiring of Willie Shook as mathematics department head at the high school for the remainder of the year.

Additionally, the board approved employment of Shane Anderson, John Crammer, Daryl Ladner, Reggie Ladner, Krista Lee, John Newkirk, Nadine Patton and Beth Randall as adult vocational night class instructors at the rate of \$15 per hour.

In construction matters, payment in the amount of \$239,548 was made to Stark Contracting Company for work at Charles B. Murphy Elementary School.

The Board recessed until 5:30 p.m. Tuesday, Jan. 19.

"CUEVAS" QUOTES

By Ellis C. Cuevas

It's that time of year again — time to turn in your parade entry for the Krewe of Nereids parade which will roll on Sunday, Feb. 7 in the Waveland-Bay St. Louis area.

The krewe invites community groups to enter and join in the fun, and there is no entry fee.

Parade entries may be floats, marching or walking groups, dancers, maskers or other type of family entertainment groups.

The ladies of Nereids work very hard each year to bring a top-flight Mardi Gras parade to the Waveland-Bay St. Louis area.

They even give prizes for parade entry participants in four categories: walking groups, floats sponsored by businesses, floats sponsored by neighborhood groups, and floats sponsored by krewes.

To receive an entry form, call Mrs. Richmond at 467-9057, ext. 227, 7:30 a.m. to 4 p.m. weekdays, or 255-8271 after 6 p.m.

Entry forms are also available at the Hancock County Chamber of Commerce, Highway 90, Bay St. Louis.

This year will mark the 33rd annual parade by Nereids, and the deadline for entries is Sunday, Jan. 24.

In case you have forgotten, do place that extra one-cent postage on letters you mail.

The post office has had a run on one-cent stamps.

I have been told the post office will return letters with only a 32¢ stamp.

By the way, the lines looked like the Christmas rush at the post office this week.

So, do not forget that first class mail is now 33¢.

A *To the Colors Flag Raising* will be held Saturday, 9 a.m. in celebration of the birthday of Dr. Martin Luther King at the Bay Flag Memorial in front of Hancock Medical Center Walking Track.

Leaders for a special service will be Father A. Francis Theriault, S.V.D., pastor of St. Rose de Lima Catholic Church, and the Rev. Lee Morris of the Baptist Church from Gautier.

A welcome of guests will be presented by Bay Councilwoman Connie Lampley.

A wreath-laying will be held at this annual event, reports Gene Schloegel, Bay Flag Memorial chairman. The public is invited and urged to attend.

A very important meeting will be held this morning at 9:30 at the Necaise Crossing voting precinct building.

The meeting is about how eligible owners and operators of farmland in northeast Hancock County can qualify for financial assistance.

Federal funds are available through the United States Department of Agriculture to assist with water quality and erosion control problems on farm land in the Crance Creek/Bell Creek Priority Area in the Wolf River Watershed Area of northeast Hancock County.

The program is by the Hancock County Soil & Water Conservation District - Natural Resources Conservation Service.

A good supply of *Litter is UNlawful* bags for vehicles have been received by the Hancock County Chamber of Commerce.

Some 16 concerned businesses and agencies have pooled their resources for this project coordinated by the Chamber's Beautification Committee.

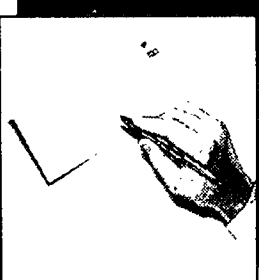

Litter is still a severe problem in our county, and every means needs to be taken into consideration to help address the issue.

If you would like a supply of the bags, drop by the Chamber office, Highway 90 Bay St. Louis.

Taking oath

Hancock County Circuit Court Clerk Pam Metzler, left, issues the oath of office last Monday to Hancock County School Board members Cheryl Bennet, center, and Larry Peterson. This is Bennet's fourth time to be elected and Peterson's third. Metzler said all school board members may have to seek re-election in two years as the 2000 Census may again change the boundaries. LETTERS TO THE EDITOR

Writer says "party lines" not as important as truth and honesty

To the Editor:

Last week my wife told me about a letter written by one of the local community members. His name is not important, but what he said was, I am not one to usually speak out about things like this. So after considerable "troubled" thought about this I decided to write this . . . just to get it off my mind, if nothing else.

In essence he said that Congressman Taylor should just go ahead and change parties since he voted in favor of President Clinton's Impeachment.

Wow! I wonder if this guy realized what he really said? What has happened to our society if we act or vote based on party (political) lines and not out of honesty, duty and fact.

Congressman Taylor did something very difficult. He crossed party lines and voted from his heart. I commend Congressman Taylor. He did what we (myself included) voted him into office to do.

His job is to represent us to the best of his abilities; to be honest and truthful, fair and moral. Congressman Taylor took on oath just as did the President, the only difference is that Congressman Taylor lived up to his promises.

Since when are any one of us above the law? Everyone in the country and the western world, for that matter, knows that the President lied under oath. Everyone knows that he used his position and office to influence the course of the investigation.

The President's motives for lying and obstructing the investigation were pure selfish ones. The motive was not to protect his family, as he would like you to believe, but to protect his "legacy."

Mrs. Clinton is too intelligent a woman to not know the man to whom she is married.

The President is not above the law! He swore to uphold the law, not manipulate it, be evasive and tell half truths. What would happen to anyone of us if we committed the same crimes? We are not able to maintain a full-time "damage control" staff and attorneys.

What is happening to the morals of our society . . . when "party lines" are more important than truth and honesty? Moral character seems to be a non-issue anymore. Do we want our children to grow up and be like President Bill Clinton? I sure don't.

What an example he has set for the children of our great nation. Are lying, being evasive, scheming, and being coercive OK if you feel the end justified the means? I don't think so. Society cannot function on this ideology. My parents taught me to tell the truth even if it was painful and to face the consequences like a man.

This is a sad time in our country. It is sad, not because the President is a poor victim of a political offensive, but because we as a nation have forgotten what "character, truth and honesty" and a respect for the law mean and stand for.

We have forgotten how important a part these characteristics play in the functioning of our families, businesses, churches, government and society as a whole. We still had those values when I grew up. I fear for the world my children will have to live in should these values be lost.

Governor delivers State of the State

Gov. Kirk Fordice delivered his eighth State of the State Address Tuesday before a joint session of the Mississippi Legislature. Fordice discussed his 1999 Legislative Agenda and presented accomplishments that have changed the State of Mississippi since he took office in 1992.

"We have won many worthy battles, and we have lost others that I wanted dearly to win. Perhaps our greatest victory has been in the marketplace of ideas, where I hope we have forever altered the character and content of the debate."

"I am comfortable with asking Mississippians if they are better off now than seven years ago. Our people are working; our economy is flourishing; and, our future looks brighter than it has in many years," said Fordice.

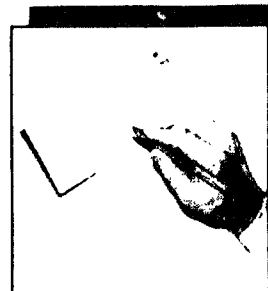

Statistics highlighted as successes of the Fordice Administration included: 177,500 announced jobs and \$16.7 billion in capital investment; 41,105 fewer families on welfare and 71,503 fewer households receiving foodstamps; 62 certified master teachers and 670 working on certification; and, 8,800 additional prison beds.

Gov. Fordice's 1999 Legislative Agenda includes: a 10 percent individual income tax rebate, elimination of the 3/5 vote required in the Legislature to lower taxes, parental choice for students in Level 1 and Level 2 rated public schools, the Mississippi Excellent Schools Act, reduction of appeals time for convicted murderers from 3 years to 1 year, additional funds for the state crime lab, hospital certificate of need deregulation, a constitutional amendment stating there is no right to abortion in the Mississippi Constitution, deletion of the two-year limitation for filing paternity, requirement that identification be shown when voting, and a constitutional amendment that requires money recovered on behalf of the state goes into the treasury.

The full text of the State of the State is available on Governor Fordice's website: www.govoff.state.ms.us.

Is out-of-state garbage worth free Hancock disposal?

Dear Editor:

Does the Hancock County Solid Waste Authority feel free garbage disposal for Hancock County is worth taking in tons of out-of-state garbage?

Harrison County and Pearl River County have had their landfills fill up rapidly with out-of-state garbage; thus creating the present problem which is the need for another and larger landfill.

Instead of the beautiful landscape that it is today, the land surrounding the proposed landfill site in the buffer zone will become a worthless wasteland. This degradation will likely lead to future extensions of the landfill and an ever increasing spiral of out-of-state garbage.

Does Hancock County want a reputation for being the "Home of the Largest Landfill in the South?" Hancock County has grown considerably in the past few years. Many residents are coming from the New Orleans area. Do they want the New Orleans garbage transported to Mississippi to follow them?

Rocky Pullman, chairman of the H.C.S.W.A. stated the "Buffer Zone is the perfect place" because no one lives there. Well, no one lives there because the government will not let them. For approximately 35 years, the landowners in the buffer zone have followed the NASA Easement Regulations.

If NASA had allowed the landowners' requests, the buffer zone would have developed and therefore this land would not be available today. Why should the people who sacrificed

their land for the good of the U.S. be penalized in this manner?

Businessmen do not go into the landfill business because they like collecting garbage. They are in it for one main reason "to make a ton of money off of tons of garbage." What makes one individual think his proposed landfill can "get around" all the NASA enforced easements when no other landowner in the Buffer Zone has been allowed to, not to mention the Mississippi Wetlands laws in effect.

Stall Branch is located within the proposed landfill site. This waterway eventually empties into the Jourdan River which is already on the Mississippi State List of Impaired Waterbodies, April 1998. With the tremendous rocket testing still taking place in the Buffer Zone, how can the integrity of the landfill liner be guaranteed not to split, leak etc.? No other landfill is this close to the ground shaking that results from the rocket testing.

Gene Taylor's suggestion of a wildlife preserve would benefit all Mississippi residents—not just one individual who lives out of town. A landfill owner should have to live within three miles of his landfill so everyone will believe how safe and pristine these landfills really are.

What other avenues, other than another Buffer Zone site, has the H.C.S.W.A. considered?

Sincerely,
Jane Flower
South Pearl River County

A walking man's view

I write this letter only after much deliberation, for it is not in my nature to get involved in political matters. I find that the print media usually does an adequate evaluation of local politics and gives a balanced report on events within the community. Lately I feel that your newspaper has been remiss.

A recent editorial, followed by front page coverage of events that happened in Hancock County in the year of 1998, did not cover what important issues were not addressed in 1998. Economists will tell you that the true cost of any purchase is the lost benefits of the alternative you did not select.

The Equine and Cattleman Park is a prime example of how a small group of people can benefit directly from a decision with a promise that it may be self supporting, and they will not have to go to Gulfport to show their stock. The young adults of our community have been more grievously affected by the lack of close advanced education than any horse owner or cattleman has been. The student travels every day.

If people think education isn't a financial plus for the community they should ask why high-tech and high-paying employers are located in such areas as Boston, Mass. or Palo Alto and San Diego, Calif., to name a few.

The new marina in Waveland is one of the projects that the county has endorsed. While our library is one of the few on the Gulf Coast that does not have the Internet for our school children to use. Still the boat owners have a marina.

You also mention that the county is trying to secure funding so all the roads in Hancock County can be paved. This is

certainly a worthy cause, with one question: What happened to the cost savings when we voted to abolish the Beat System and go to the Unit System? This was touted as a cost-saving measure that would release more funds for road paving.

The only road I have heard of being paved is Texas Flat Road that leads to the newly proposed solid waste dump. Why not other road improvements? The state representative stated that other counties had increased their road paving after abolishing the Beat System.

The pollution problem, both seen and unseen, should be a major concern. The sewer system and Waste Water District and its history should be looked into. There is reason to believe that the system may not be adequate and may be more costly in the long run.

The county day care center and Hope Haven are two organizations that are short of funds and have to survive. While the Port District believes that they are equivalent to a profit-making organization and should set their own salaries. I wonder who gave them seed money and land, and who will pay the cost if they fail?

The intent of this letter is to let you know that there are other views in "Camelot," to perhaps refocus the agenda of Hancock County Supervisors; to remind the Port District that they decided to seek their positions with its restraints; and to offer a view from the street which always believes that all the people come first.

I realize that it is easy to criticize when you do not have the pressure of responsibility.

Landfill in Hancock would do more harm than good

Dear Editor:

I moved to Mississippi at the end of last year to get away from New Orleans and its problems. I am presently residing in the Pass Christian area with the intention of buying a home in the Bay-Waveland area or Pass Christian. I cannot understand why Hancock County would even consider establishing a regional landfill anywhere in their county—what a reputation to build.

Hancock County—WAKE UP—send your small amount of garbage to Louisiana or elsewhere—do not take their enormous amounts here. Residents of Hancock County are willing to pay a fee—it is worth it in the end. Just take a short drive to New Orleans down Al-

monaster Blvd. in New Orleans or Hwy. 90 on the westbank of New Orleans and see what the proposed Buffer Zone landfill will look like in 100 years. New Orleans can't give that property away now.

Louisiana residents are willing to pay a fee for garbage disposal to send it to other states—does this send you a message?

I feel a regional landfill anywhere in Hancock County will do more harm than the good in the small amount of revenue it will bring to the county. If Hancock County wants to continue to grow and prosper, please reconsider this proposal.

Sincerely,
Cathy McDonald

Laidlaw presents report; contract let on dugouts

BY B. R. HAWKINS

Representatives from Laidlaw Transit, Inc., presented an annual report to the Bay-Waveland School Board Monday, Jan. 11. District Manager Tony Vidrine, along with Bay St. Louis Operations Manager Debbie Anderson and Gulfport Branch Manager Jim Gurner met with board members to discuss continuing efforts to improve safety measures as well as review the scope of work provided by Laidlaw.

Vidrine said Laidlaw transports approximately 1,300 students for the district over 14 routes utilizing 14 buses traveling over 130,000 miles annually.

"There are some 146,000 bus stops made by our buses in your district," Vidrine said. "And this is the third year in a row that we have posted an accident-free record."

In response to the district's continuing concern for safety, Vidrine explained that at the start of the school year, Laidlaw equipped its entire fleet with crossing arms and implemented a policy of searching the buses at the end of every route to make sure there are no sleeping children left on the bus.

"Also, every parent whose child rides the bus was sent a notice concerning the danger of drawstrings in clothing," he said.

The board additionally heard from Clay Burns of the Mississippi Soil and Water Conservation Commission encouraging the district's participation in Regional Environthon Competition in the spring 2000.

Burns explained the competition, started in 1979 by three Pennsylvania Soil and Water Conservation districts, has grown into the largest high school environmental competition in North America.

"Last year, 43 states and three Canadian Provinces participated, including the team from Moss Point which won the state competition and competed in the national competition in Lansing, Michigan," Burns said.

"The commission sent out notices to every school and science teacher in the state," Burns

said. "No Hancock County school responded to the call to field a 5-member team."

The event, sponsored nationally by Canon, is being funded statewide by a grant from the Chevron Corp., Burns explained, and will cost the school district and parents nothing to enter a team. Teams are tested on their knowledge of the state's natural resources: soil, forestry, wildlife, water and a current environmental issues.

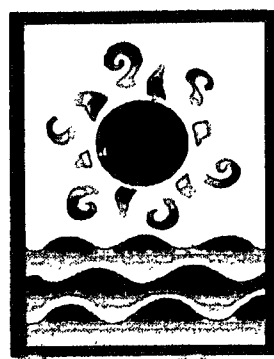

Board members approved a proposal providing students take advantage of opportunities such as the Environthon and will work with principals to implement procedures to see that such opportunities are not missed.

In other matters, the board accepted a bid from Scott Favre Contractors in the amount of \$27,699 to rebuild baseball dugouts at the Bay High School baseball field.

The board met in executive session for less than one hour, and upon returning to open ses-

sion approved the expulsion of four students and approved the recommendation to send two additional students to the Alternative School in Gulfport.

The board will meet again at 6:30 p.m., Monday, Jan. 25.

Pirates down Bay Tigers in close games

BY B. R. HAWKINS

Determination of both the boys' and girls' games Tuesday night between the Bay High Tigers and the Pass Christian Pirates came down to the final few seconds. In the girls' game, the Lady Tigers' opportunity to put the game into overtime slip away in the last 15 seconds on a failed three-point shot giving the Lady Pirates an upset victory over the dominate Bay High. In the boys' game, Pirates' Anthony Dewitt's free shot, with no time left on the clock, gave the Pass the one-point win over a disciplined, maturing Bay High squad.

**Pass Christian Girls, 36
Bay High, 33**

Laura Kynard scored 13 points including one 3-pointer for the Pirates' game high. Colstrum Clark hit for 12 points, picked up five steals and offered up four assists. Sabrina Jones and Mary Bradley each contributed four points. Narissa Beh-Renes score two points and Latressa Lizana chipped in one from the free shot line but pulled down 12 rebounds for the defense.

Bay High's Shemna Ambrose, carrying the bulk of the offense, hit for 15 points. Jessica Pierce and Tabitha Wilkerson each contributed five points. Jenell Payne scored four points and Zioneha Smith and Williamae Fulton each added two.

**Pass Christian Boys, 39
Bay High, 38**

Bay High School stayed with the Pass Christian Pirates almost point for point Tuesday night. Coming up even at the end of the first quarter, 11 to 11, the Tigers had the lead going into the second half 23 to 19. Frozen by a charging call on a slam dunk, the Tigers gave up momentum and two points at the end of the third quarter. They trailed 31 to 33. With the scored tied and less than five seconds left on the clock in the fourth quarter, Pass Christian's Anthony Dewitt took a leading pass and broke for the goal. Fouled on the lay up, he sunk the free shot to give the Pirates a one-point victory.

**Hancock Boys, 69
Picayune, 79**

Hancock High Coach Mike Ladner said his Hawks almost "sneaked up" on Picayune Tuesday night. Hancock leading in the first quarter, 23 to 16, gave Picayune a solid run for their money until late in the fourth quarter when depth and experience took control for the Maroon Tide.

Jeremy Garriga led scoring for the Hawks with 23 points including one 3-pointer. He was two for four at the free shot line. Ryan Strief hit for 10 points from the floor and was four for four from the line. Jabrell Cook followed with 13 points over all. Hancock faces Columbia Friday night at home. Junior varsity games start at 5 p.m.

In for two

Pass Christian's Carl Bowser (34) hits for two points against the defensive effort of Bay High's Jason Robinson (10) in Tuesday night's game in the Pass. Bay High stops Long Beach 5-4 in OT

In their sixth overtime game of the season, the Bay High Tigers came from behind to beat the Long Beach Bearcats 5-4 Tuesday night in high school soccer action.

The Bearcats jumped out to an early two-goal lead before the Bay regained its composure and tied the game on goals by Ray Soldin and Jason Rieben.

The second half started out like the first, with Long Beach scoring two quick goals to take a 4-2 advantage. Bay High fought back once again to tie the game on goals by Rieben and Greg Dupuy.

Regulation ended in a 4-4 tie as did the 20 minute overtime period, forcing a shootout. In the shootout, the Tigers out-scored the Bearcats 4-2 to take the win. Rieben, Billy Kenny, Steven Boudro and Brandon Dupuy connected for Bay High in the shootout.

Rieben had two assists, while Kenny and Greg Dupuy had one each.

The 8-2-2 Tigers will host the Gulfport Admirals Friday at 7:30 p.m.

John Rich had two assists as St. Stanislaus improved its record to 15-3-1 overall and 10-1 in district play.

The Rocks will travel to Harrison Central Friday to take on the Red Rebels at 7:30 p.m.

Rocks split in Millsaps Tournament

In the Millsaps Tournament held Friday and Saturday, the St. Stanislaus Rock-A-Chaws lost 1-0 to Clinton and then rebounded to shut out Northwest Rankin 2-0.

Rock coach Andy Kivlan said after losing to the top-ranked, 15-0 Clinton Arrows, "I felt like we dominated the game on both ends of the field. We played well enough to win, but we didn't take advantage of the chances we had."

Justin Wadsworth and Nick Middleton scored goals on assists from John Rich to down the second ranked Northwest Rankin team to gain a split in

the tournament.

"Ranking can be deceiving since the pollsters don't see us play on a daily basis and judge us by our record," Kivlan explained.

"Many of the coaches at the tournament expressed a desire to come and play on the Coast. Their stated reason was that they knew the competition was good here."

"This speaks highly for all the players and coaches from our area. Ours is a highly contested district, any one of six teams still has a viable chance at a playoff spot. You don't see that in any other areas of the state."

Illegal nets confiscated

More and more illegal fishermen are discovering their gill nets are not where they were set out. And it's because marine enforcement officers are hot on their trail, according to the Department of Wildlife, Fisheries and Parks.

Last Wednesday evening, Sgts. Richard Colley and Vincent Lepoma seized one unattended gill net near the Naval Port Causeway.

Again on Thursday evening, Sgt. Cooley and Cpl. Olin Gunter seized three unattended gill nets in the Davis Bayou area.

The officers reported a variety of speckled trout, redfish and sheepshead in the seized nets. "The speckled trout ranged up to seven pounds," Lepoma said.

Spring soccer kickoff

Bay Area Youth Soccer will start the spring season Jan. 23. The fall season saw the number of registered players increase to 430.

BAYS has 38 teams ranging in age from Under-6 to Under-18. Plans are underway for the completion of the new field for the U-14-and-up age brackets.

A new pavillion was erected at the Scott Demboski Memorial Soccerplex last fall. Plans are being finalized for a concession stand and restroom facilities under the pavillion.

BAYS will hold a fund raiser soon to raise money for lights on the fields.

Waveland Little League sets 1999 registration

BY B. R. HAWKINS

The new board of directors for the Waveland Little League has set April 10 as opening day for the 1999 season. According to new board president, Eddie Reis, registration will be Friday and Saturday, Feb. 5 and 6, at the Waveland Ball Park on Central Avenue. "Friday's registration will be from 5 until 9:30 p.m. and from noon until 4:30 p.m. on Saturday," he said. "Fees will be \$25 for the first child and \$15 for each additional child."

Reis explained the league has gone through a process of reorganization. "We have formed new committees as well as a ladies auxiliary which will be responsible for all fund-raising activities and will manage the concession stand during the season," Reis said. Committees and chairs include, Equipment Committee, Shane LaFontaine; Finance Committee, Mark LaFontaine; Ladies Auxiliary, Marian Laurant; Coaches Committee, Tony Cardinale; Umpire Committee, Donald Peters; and Grounds Committee, Charlie Mitchell. Mitchell will work with Glen Meranto as player agents.

Reis and board member Leo Laurant anticipate the season beginning as early as the first of April and also expects there will be at least 20 to 25 teams. "We are still looking for coaches and sponsors for teams," said Reis.

The board, according to Reis, has made a commitment to provide new catcher's equipment to at least 25 teams as well as work on updating all new equipment throughout the league.

For more information, contact Eddie Reis at 463-1390 or Leo Laurant at 466-2634.

the Coast Guard, so we all hit the water."

Pavolini said all three of them had life jackets and were in the water about 20 minutes before someone on shore spotted the smoke and flames and called the Mississippi Department of Marine Resources.

"They were wonderful," said Pavolini. By the time the party got to shore, Pavolini said Hancock County Sheriff's Department deputies were on the scene, along with a mobile medical team and volunteers from the Clermont Harbor Fire Station.

"They made us all take off our clothes, and wrapped blankets around us to keep us warm," said Pavolini. "They put dad

temporarily in one of the sheriff's cars, then the mobile medic unit took him on to Hancock Medical.

The younger Pavolini and Creppel were also taken to Hancock Medical, treated and released, but the father required hospitalization for hypothermia and smoke inhalation. He was released last Friday.

"We're really lucky to be alive," said Pavolini. "And, I want to thank everybody who helped."

The boat sank up to its riggings in about 7 feet of water, and Pavolini said it wasn't insured.

"That's not the important thing," said Pavolini. "The important thing is we're alive."

Vitale said the deal looks "promising."

"The fact that they gave us \$300,000 up front indicates they are serious about this buy-out," said Vitale.

Europa is one of the largest offshore gaming operators in the United States and employs about 400 people. It operates gaming ships out of ports in Fort Myers, Miami Beach and

Madeira Beach near St. Petersburg.

Europa has all the necessary permits in hand to build a gambling resort on a 404-acre site south of Diamondhead, but would have to renegotiate a bottomland lease for its gambling barge with the Secretary of State.

Environmentalists and citizens groups have filed court suits seeking to overturn permits already granted for the casino and for another casino planned a mile further east in Harrison County.

On Friday, Jan. 15 at 10:30 a.m., first graders at Coast Episcopal Lower School will plant daffodils in the Katy Garden.

Anne Meyer, the grandmother of first grader Taylor Hardenstein, will bring daffodil bulbs to school.

Bruegge directs BSLLT's 'Island'

Jeffrey Osborne soars into Casino Magic

Jeffrey Osborne's name is synonymous with romance. His voice will win the hearts of many when he appears Jan. 16 at 9 p.m. at Casino Magic Bay St. Louis.

This singer/songwriter comes from a family rich in musical talent. He was born and raised the youngest of 12 children in Providence, R.I.

"I was brought up in what was referred to as 'the ghetto,'" he remembers. "It taught me a lot. I sure learned what love and sharing were all about."

His training began at three. Instead of taking formal music lessons, he listened to the radio and studied the artists of the day; and it was not unusual for his mother to call on him to entertain her friends with his renditions of Johnny Mathis songs. By the time he was 15, he had also taught himself to play the drums.

When the well-known R&B group, LTD, came through town in 1970, Osborne saw his chance. "I told them they needed another drummer and asked them to give me an audition. I'd been listening to their records all week, so I knew their material. The next day I tried out, and I was hired. I realized early on that, in this type of business, you have to make people notice you. I guess you could say that I've always been aggressive when it comes to my music."

Although the group was successful, it was also large; and there wasn't a lot of money to go around. Osborne supplemented his small income with session-work — playing for such acts as Smokey Robinson and The Sylvers.

He spent a total of 10 years with LTD and honed his talents as a performer. As one critic once noted, "He moves on stage with a liquid grace that per-

Jeffrey Osborne

fectly compliments his powerful and seductive vocals.

"The most important thing I got out of my years with LTD was the opportunity to develop as a songwriter. We had a complete musical setup, with four horn players. It was great to be able to write a song and have all those colors at my disposal."

In 1980, Osborne signed a solo deal with A&M Records and had numerous hits including "Stay With Me Tonight," "On the Wings of Love," "We're Going All The Way," "You Should Be Mine (The Woo-Woo Song)," and a Grammy-nominated duet with Joyce Kennedy, "The Last Time I Made Love."

In 1987, Osborne received a call from composer/producer Burt Bacharach, who sent him the song, "Love Power," to record with Dionne Warwick. The song became a major crossover hit.

Osborne is known for delivering real songs and music with substance. He will perform in the Magical Entertainment Complex.

Tickets are \$15, \$20 and \$25 through all TicketMaster outlets and may be purchased at the Casino Magic Gift Shop.

Jeffrey Osborne soars into Casino Magic

Jeffrey Osborne's name is synonymous with romance. His voice will win the hearts of many when he appears Jan. 16 at 9 p.m. at Casino Magic Bay St. Louis.

This singer/songwriter comes from a family rich in musical talent. He was born and raised the youngest of 12 children in Providence, R.I.

"I was brought up in what was referred to as 'the ghetto,'" he remembers. "It taught me a lot. I sure learned what love and sharing were all about."

His training began at three. Instead of taking formal music lessons, he listened to the radio and studied the artists of the day; and it was not unusual for his mother to call on him to entertain her friends with his renditions of Johnny Mathis songs. By the time he was 15, he had also taught himself to play the drums.

When the well-known R&B group, LTD, came through town in 1970, Osborne saw his chance. "I told them they needed another drummer and asked them to give me an audition. I'd been listening to their records all week, so I knew their material. The next day I tried out, and I was hired. I realized early on that, in this type of business, you have to make people notice you. I guess you could say that I've always been aggressive when it comes to my music."

Although the group was successful, it was also large; and there wasn't a lot of money to go around. Osborne supplemented his small income with session-work — playing for such acts as Smokey Robinson and The Sylvers.

He spent a total of 10 years with LTD and honed his talents as a performer. As one critic once noted, "He moves on stage with a liquid grace that per-

Jeffrey Osborne

fectly compliments his powerful and seductive vocals."

"The most important thing I got out of my years with LTD was the opportunity to develop as a songwriter. We had a complete musical setup, with four horn players. It was great to be able to write a song and have all those colors at my disposal."

In 1980, Osborne signed a solo deal with A&M Records and had numerous hits including "Stay With Me Tonight," "On the Wings of Love," "We're Going All The Way," "You Should Be Mine (The Woo-Woo Song)," and a Grammy-nominated duet with Joyce Kennedy, "The Last Time I Made Love."

In 1987, Osborne received a call from composer/producer Burt Bacharach, who sent him the song, "Love Power," to record with Dionne Warwick. The song became a major crossover hit.

Osborne is known for delivering real songs and music with substance. He will perform in the Magical Entertainment Complex.

Tickets are \$15, \$20 and \$25 through all TicketMaster outlets and may be purchased at the Casino Magic Gift Shop.

Grand Casino Biloxi welcomes The Lula Washington Dance Theatre Company to the Mississippi Gulf Coast. The international touring company, filled with multifaceted, powerhouse performers will grace the stage of the Biloxi Grand Theatre 7:30 p.m. Monday, Jan. 18.

The dance company, known for its unique blend of everything from ballet, jazz, African Caribbean and street dance forms, has become world renowned. The LWDTC has performed internationally since 1980. They provide powerful portraits of the African American experience, past and present.

Founder/Artistic Director Lula Washington is internationally respected for her demanding choreography, a unique and athletic blend of dance styles. She has received numerous awards, including a NEA Choreography Fellowship, a Woman of the Year Award from the California State Legislature, and was one of five women in the nation to receive the first Dance Women Living Legend Award.

This special, one-time only performance will be a fund-raiser for the Gulf Coast Opera Theatre. Corporate sponsorships are available by calling (228) 452-7744.

The Gulf Coast Opera Theatre, Inc. has been a Mississippi Gulf Coast institution for more than 40 years, beginning in 1954 as part of the Theatre of the Arts.

With 75 members, the Theatre of the Arts began a series of monthly salons, which featured presentations of music, art, literature and drama.

A source of pride for the Gulf

Coast Opera Theatre, Inc. has been the premieres of several original operas by Dr. Laurence M. Oden, a prolific composer who has written not only operas but also sacred music, ballet, film, and theatrical scores.

The theatre also offers productions appealing to a wide range of musical tastes, from the light-hearted Gilbert & Sullivan works to the more serious Madame Butterfly of Puccini.

What began as a small group of patrons of the arts more than 40 years ago today represents a legacy of opera that few comparably sized metropolitan areas can match.

The vibrant spirit of the opera, which combines all the finest elements of the musical, theatrical and visual arts, is alive and well on the Mississippi Gulf Coast.

Tickets for The Lula Washington Dance Theatre Company are \$20/floor, \$15/balcony.
